

Tea emporium Teavana® opened today at Westfield Trumbull. The Trumbull store is the third location for the merchant in the region.

Teavana® is a unique retail experience, blending a tea bar where customers can order a variety of different teas, and a retail store selling fine loose leaf tea and tea-related merchandise such as tea pots, gifts and accessories. With over 100 varieties of tea available, the boutique is a feast for the senses and features a knowledgeable sales staff which both promotes the healthy benefits of tea, and demonstrates the best ways to make & serve tea.

Teavana, known as the “heaven of tea,” offers customers a healthy alternative to soft drinks and highly caffeinated or sweetened beverages. The high-quality teas range in flavor from traditional estate teas to creative blends, using teas, fruits, flowers & herbs to provide the best taste available in the market. The store is designed to introduce people to the aromas, varieties and beneficial qualities of loose leaf teas while educating them on the history and quality of teas available.

Westfield also announced several new stores are planning to open soon, including Skechers and Panera Bread, both opening in November.

In addition, LA Fitness® is planning to open a 45,000 square foot, state-of-the-art sports club in 2011. The club will feature full court basketball, racquetball, a four-lane lap pool, a whirlpool, locker rooms and separate aerobic and stationary bike studios. These amenities surround a full array of equipment including over 75 pieces of the latest generation cardio equipment, select drive circuit training, and free weight areas.

Trained instructors will lead over 50 classes per week covering every level and degree of intensity from yoga to fast-paced aerobics. Baby sitting and Personal training will also be available.

Launched one year ago, the multi-million dollar revitalization of Westfield Trumbull continues to move toward with completion on track for this November. The center is currently undergoing many exciting upgrades which will enhance the shopping experience with fresh new stores, beautiful interiors, new Dining Terrace, added conveniences and much more.

Before the end of the year, customers will enjoy an elegant new atmosphere complete with an updated interior boasting premium finishes and improved court areas as well as a dazzling new array of options to shop for everything from everyday cool to affordable luxury.

More information about the center's \$35M revitalization, including video renderings of the renovated center, can be found at westfield.com/trumbull.
